SINGLE COPY 10c

Man Charged With Rape

A 34-year-old Kilmartin was arrested early Wednesday morning by Sheriff Fred Curd and charged with raping a 19-year-old woman near Bayou late Tuesday night. The Hancock County Sheriff's office identified the man as Tony Hamby and gave his address as Silver Creek Acres, Hamby is employed as a night security guard at Hancock General Hospital.

According to Sheriff Curd, the woman told officers that Hamby had forced her into the room and had shown her an Auxiliary Police Badge. He then told her to get into his car and they proceeded to a wooded area near Bayou where he allegedly raped her.

Sheriff Curd said that the badge was not an official one and Hamby is in no way connected with any law enforcement agency in Hancock County. Curd also stated that additional charges of impersonating an officer would be brought against Hamby.

Hamby is being held in the Hancock County Jail without bond. A hearing is scheduled for tonight at 7 p.m. before Justice of the Peace Scott Loder.

EMILE HAZEUR, JR.

Hazeur Named To School Board

Emile Hazeur, Jr. has been selected to serve for a term of five years on the Bay St. Louis Separate Municipal District School Board. He will replace Frank Wheat who rotates from board duties at the beginning of March. Serving with Hazeur on the school board are Robert Hamilton, president; Howard Adams, William Breland and Thomas Kidd. Kidd, an elected board member by the town of Waveland is the only elector. Other members are appointed by the Mayor and City Commissioners.

Hazeur is a native of Bay St. Louis and the father of three children. He graduated from St. Rose de Lima High School in 1945 and attended Xavier University of New Orleans for two years. He completed a three year tour of duty with the United States Air Force, earning a certificate from the Eighth Army School of Electronics and Radar. He also holds a certificate from the Naval Mine Warfare School at Yorktown, Virginia. He is also a graduate of the Louisiana State College of Mortuary Science. Business experiences include four years of employment with General Electric at Mississippi Test Facility and presently he works as a Quality Engineer with Litton Industries of Pascagoula.

School Board duties include setting the policy of the school system. They have the power to hire and fire administrators as well as teachers; the Board also has authority to designate what schools will be used in the school system; and they have the power to set the tax millage rate within the school district up to 25 mills as the maximum rate.

School Board duties include setting the policy of the school system. They have the power to hire and fire administrators as well as teachers; the Board also has authority to designate what schools will be used in the school system; and they have the power to set the tax millage rate within the school district up to 25 mills as the maximum rate.

Lee's Capture Follows Gun Battle

Virgil Ray Lee who battled police officers Wednesday Feb. 3 for almost three hours was captured and brought to the Veterans Administration Hospital in Gulfport.

Two Hancock County Sheriff's deputies were shot while trying to capture Lee after the Sheriff's department had been notified that Lee had allegedly threatened to kill men cutting trees near his home in the Blountville Community.

Sheriff's departments from Harrison and Pearl River counties and the Miss. Highway Patrol aided in Lee's capture at about 4:30 p.m. last Wednesday. Deputies Tartavouille and Smith who were injured during the gun battle were treated at Hancock General Hospital and released.

WAVELAND MAYOR GARFIELD LADNER directs Russell Elliott, president of the Hancock County Board of Supervisors, during a massive operation this past weekend to fill in the Waveland beachfront. Many volunteers donated their time, heavy equipment and services in cleaning over 75% of the "Waveland beach." (See Story Page 3D)

Port And Harbor

Decision Sought On Finance Issue

Settlement of an issue existing between members of the Hancock County Board of Supervisors and the Hancock County Port and Harbor Commission concerning banks involved in financing a loan in the amount of \$3,233,000 is on the agenda scheduled for Tuesday, February 16, at 10:00 a.m. according to Russell Elliott, president of the board.

The Board of Supervisors refused to act on a resolution presented by the Hancock County Port and Harbor Commission at their last regular meeting because the First Mississippi National Bank in Hattiesburg had been named lending agent for the funds. Members of the Board of Supervisors expressed the belief a local bank or banks should be named as the managing bank. Members of the Port and Harbor Commission stated when they were first in need of a lending agent the local banks had refused to loan the money and only then did Port and Harbor officials seek financing elsewhere.

President of the Hancock Bank, Leo Seal, stated in a private interview that he and other local banks had been working on the details of the loan for a period of several months and never at any time said they would refuse to finance.

In a Monday morning interview with the Board president Elliott said: "This is unofficial. We did not have a meeting of the board this morning; however, I have consulted with our attorney and his opinion is that a local de-

pository is expected to be the managing bank." Elliott said the word "prime" bank was misleading as the connotation of the word "prime" leads people to believe "prime bank means the bank putting up the largest amount of money. He said he felt "managing bank" would be more nearly accurate since the money involved from each banking participant was not as important as the convenience of having a local bank functioning right at home. Two local banks are established depositories for Hancock County Funds, according to Elliott.

Treasurer for the Port and

Diamondhead Building Six Condominiums

Diamondhead, a city now under construction, expects to have six condominium units open for inspection by March 1, according to a sales representative, Karl Kern. In an interview on Sunday Kern said a 40 unit condominium complex is planned for a high rising site of land overlooking the Bay of St. Louis. The units will range in price from \$12,900 to \$15,000 and there will be a choice of one or two bedroom floor plans. All units will be totally electric and have wall-to-wall carpeting.

Visit to the Diamondhead development on Sunday revealed foundation work complete on the six units and Kern said these units will be constructed on the site in order that those interested have an opportunity to inspect them. The rest of the units are to be pre-constructed in an Alabama plant not yet ready to go into production, it was reported.

Diamondhead is envisioned to be the largest residential resort type recreational development ever undertaken in the Southern Part of the United States. William H. Maurer is president of the corporation. Completion date for the Country Club, Horseback Riding Trails, 18 hole golf course, neighborhood recreation areas and country club are within the 1971 year, the Yacht Club with snack bar and marina facilities are planned for 1972 completion.

(Cont. on Page 10-A.)

Two Men Arrested In Kiln Burglary

The Hancock County Sheriff's office arrested two men Saturday in connection with the burglary of the Kiln Supermarket. Police identified the two as Johnny Haas of Kiln and Joseph Hicks of New Orleans, La.

Police have recovered all the property stolen and estimate the entire value of the stolen goods to be over \$400. Deputy Lumpkin, one of the

Harbor Commission, Augustus Elmer, Jr., in telephone conversation accused the Sea Coast Echo reporter of presenting "planted" news in the issues of February 4 and an earlier issue and added the articles were basically true but did not tell the whole story. He indicated a half-truth is equivalent to an inaccuracy and stated he would present for the issues of the Echo to appear on February 25 the full statement of truth which would be read and intitled by each member of the Port and Harbor Commission.

Hill said progress on the development of the Port and Harbor had been slowed down considerably because of the system which made necessary awaiting an action. "This" explained Hill, "is a public entity and all public works are naturally slow". He also said it was hard to get people to realize the development was not going to cost any tax money nor was it going to cost any interest to the tax payer. Hill further stated the public relations agent for the Port and Harbor Commission, Jack Jacob, would prepare for publication next week a statement showing the people of Hancock County the plans for an orderly development of the port and harbor and how financing of the enterprise is carried out. Don Landry, president of the Port and Harbor Commission, also attending the press conference said the minutes of the commission are up-to-date and the minute book is a matter of public record. Port and Harbor Commission offices are located on Highway 90 in a patio building near the Gulf National Bank.

In discussing the managing bank in the financing of the \$3,233,000 loan Hill said: "I don't think there will be any such thing as a managing bank. I think there will be a joint bank transaction with possibly Hancock Bank serving with the First Mississippi National Bank of Hattiesburg." Hill indicated transactions would possibly be at local level. Economic Development Administration will repay the loan in stages, it was said. The first phase of the development calls for clearing and grubbing and at a cost of \$233,000.00, for which contract has already been let. Federal funds will repay only after con-

struction and proximity to a standard fire hydrant. Bay St. Louis has a regular fire department with a paid fire chief on duty at all times, two firemen and 1 stand-by fireman. The chief of police also goes to the fires whenever other duties do not prevent him from doing so. The volunteers who assist with fire fighting are not presently organized, Arceneaux said, and there is a need for a volunteer group that can be trained in the use of equipment and organized. Bay St. Louis is now graded as Eighth Class for fire insurance rating purposes.

The fire station is located at 301 Carroll Avenue. Fires are usually reported by telephone to the fire station, an electric siren is sounded and any volunteers available join the regular fire fighters at the location of the blaze. Arceneaux seeks assistance in upgrading Bay St. Louis fire department in the interest of both on-the-scene fire protection and a reduction of insurance rates.

All incorporated towns in the State are graded by class for fire insurance rating purposes by the Mississippi State Rating Bureau. The town class depends upon the adequacy and reliability of the municipal facilities such as water system, fire department, fire alarm system, enforcement of building and fire protection ordinances. Rates applicable to dwellings depend on public protection.

City Presents Funds For Waveland School

A check in the amount of \$25,000 from "We Care" funds was turned over to Superintendent of City Schools, Joseph D. McCulloch by Mayor Warren J. Carver on Monday. These funds will be used by the Municipal Separate School District toward the construction costs of a school in Waveland, it was reported.

Mayor Carver said: "The vote was 2 to 1 to transfer the \$25,000 from the We Care Fund to the Municipal Separate School District. My vote was against the payment." The Mayor said back in March of 1970 he had voted to contribute the money to the school, however since that time the picture changed and he re-considered.

"We have about one-quarter of a million dollars worth of equipment: trucks, front-end loader, grader, backhoe, tractor, roller—which is now exposed to rain, night air and all kinds of weather", Carver explained and added "I am strongly of the belief that we are obligated to first protect the investment we have in this machinery and equipment instead of 'donating' the money to the school. This \$25,000 could have been used more advantageously for the tax payer by our constructing a steel building to house all of this equipment", the Mayor concluded.

The Mayor also said: "I am of the opinion that we made a mistake in pledging ourselves too far in advance to make the contribution" and added the State of Mississippi has since made an out-right grant of \$205,000 to the school district for the construction of the new school in Waveland.

THIS HOME in the Cedar Point area was practically destroyed by fire last Friday. Fire units from Waveland and Bay St. Louis fought the blaze for almost two hours. The home was not occupied at the time but is owned by Mr. and Mrs. K. G. McCarty.

(Echo Staff Photo by Marileen Maher).

Fire Destroys Home in Cedar Point Area

Fire of unknown origin broke out last Friday practically destroying the one-family dwelling owned by K. G. McCarty located on Blakemore Avenue in the Cedar Point section of Bay St. Louis. Fire Chief Edgar Ladner received the call at 11 p.m. and the Bay St. Louis Fire Department together with units from Waveland fought the fire for about two hours.

McCarty said the home was rented to a family who paid the rent through December and then moved out without giving notice.

The City Hall will be closed Monday, February 15, designated as a State day, according to City Commissioner Andre Arceneaux. Arceneaux said the meeting of Mayor and City Commissioners normally held on Mondays now scheduled for Tuesday morning at 10:00 in the City Hall conference room to left of the entrance hall. Public is invited to attend the open meetings.

Services Held For Francis Lee

Francis W. Lee, 64, former two-term representative in the state legislature from Hancock County, died at 12:30 a.m., Saturday, February 6, at Hancock General Hospital.

A native of Hancock County, Mr. Lee was a retired educator and a former resident of Piquette. He resided in Kiln for the past six years.

Mr. Lee was first elected to the legislature in 1939 and served two successive terms. As a school teacher, he taught at Flat Top, Leetown and Galesville Schools. He served as principal at Flat Top and Galesville and at one time was a member of the faculty at Gulf View, Lakeshore and Sellers Schools. For two years, prior to his retirement he taught at Hancock North Central School.

Mr. Lee, a graduate of Kiln High School was graduated from Pearl River Junior College in 1932 and continued his education during summer vacations at the University of Southern Mississippi.

Survivors include his widow, Mrs. Della Lee; three sons, William Lee, Conyers, Ga. Francis P. Lee, Vicksburg and Wesley Lee, St. Louis, La.; a daughter, Mrs. Sarah Sargent, Atlanta; a step-daughter, Mrs. Harry J. Barnett, New Orleans; six brothers, Lamar and Hollie Lee both of Greenville Community; Edward Lee, Metairie, La.; Elton Lee, Pearl River; Elvin Lee, Salem Community and Percy Lee, Bayou Vista. Four sisters, Mrs. Henry Beach, Jean Lee, Mrs. Ernest Seal, St. Louis, Mrs. Nita Whitfield, Tyler, Texas and Mrs. J. D. Foster, Waveland, and 12 grandchildren.

Funeral services were held at 2:30 p.m. Sunday from Shiloh Memorial Baptist Church, Kiln, with Rev. Everett Reconn, Pastor, officiating. Interment was in Flat Top Cemetery.

As We See It

A driver was stopped at the traffic light on Main and Second Streets one day last week. He sat there for a full minute waiting for the light to turn green — the problem was that the light had already turned green but he couldn't tell.

Bay St. Louis city officials should be commended for the street repair program that is nearing completion. A total of 20 city streets were covered with five and a half miles of asphalt surface, as well as three and a half miles of ditches repaired.

On Monday, February 15, students will be sweeping down Main St. in an effort to keep Bay St. Louis clean. All drivers are asked not to park on Main after 3:30 p.m. in order to make the street accessible to the sweepers. Let's cooperate and give the students the help they need.

BAY ST. LOUIS police officers Billy Carbonette and Larry Ladner investigate an auto accident last Wednesday that injured three persons. Drivers of the cars were identified as Terrell Randolph, 35, and Will J. Smith, 76. (Echo Staff Photo by Marilyn Maher)

Three Injured In Accident

Three persons were injured Wednesday, February 3, when two late model cars collided on Central Ave. in Bay St. Louis.

Deaconess Will Address Group

The Morning Circle of the Women's Society of Christian Service of the Main Street United Methodist Church met Wednesday in the home of Mrs. Sam Whitfield.

The program, led by Mrs. David McDonald, was a prelude to next week's observance of the annual call to prayer and self denial sponsored by the W.S.C.S. with emphasis on prayer and much needed self-denial offerings for special mission work in the U.S. and throughout the world.

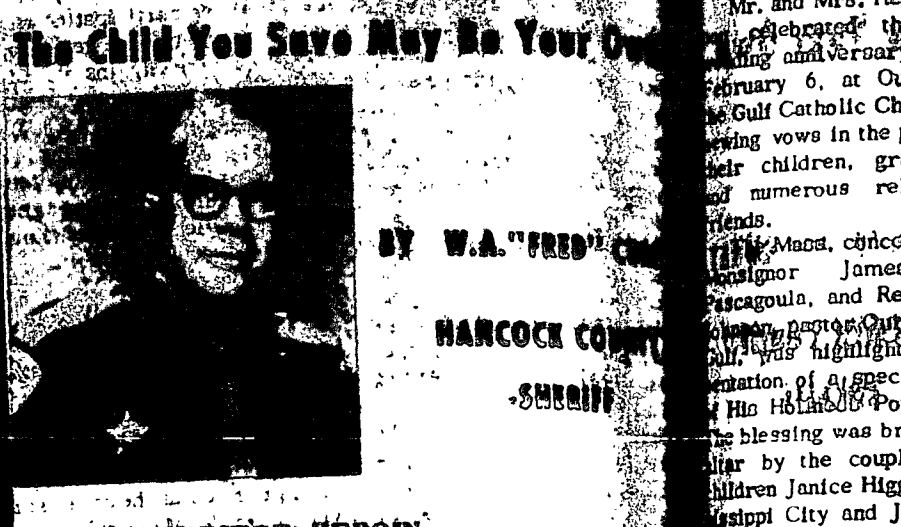

Miss Nola Smees, a deaconess of the United Methodist Church and director of More Community House in Biloxi, will be guest speaker for the local observance of this guided mission study.

The meeting will be held at 11 a.m., Wednesday, February 17, in the sanctuary of the Main Street Methodist Church.

The assembly will be followed by a fellowship luncheon in Fellowship Hall.

Members are urged to attend this special program.

Parents, Know The Drug Threat

TODAY'S SUBJECT: HEROIN

While discussing Heroin it is immediately alarming parents to learn that most city, county and state officials across the country, have increased from 1961 to 1970 in the past two years!

What is Heroin? Heroin is diacetylmorphine, derived from morphine; it does not occur in nature. It is usually a white, off-white or brown crystalline powder. In slang terms it is referred to as "H", "Big H", "Junk", "Dope". It is an injected, potent, highly addictive substance.

Heroin has a generally sedative and analgesic effect. First reaction to introducing it into the system is to most people, but a calming effect follows and on how much is taken at a time, may vary with physical condition and death from respiratory failure.

A Heroin user will have "needle tracks", small marks on his body, most often on the arms over the elbow. Also, given in the legs. Abscesses (boils) often come apparent at the site of injections. Dirty needles are common among users, such as hepatitis and other diseases.

Most abuses, using Heroin, actually seem to have a little disposition, but when in need of a "fix", (injection) they become capable of aggression and even violent behavior. Signs of use of Heroin, among others, are pinpoint pupils, a pale complexion. The body builds a tolerance for the drug and the user needs an increased dose regularly to achieve the same desired effect. Withdrawal pains occur when the drug is not available. The psychological dependence on the drug makes the user THINK he needs the drug to function. It is extremely uncomfortable without it, once "hooked", addicts often return to the habit and the history of complete recovery in disheartening to say the least.

Infection of the user's blood stream, lungs and heart, and often do result from Heroin injections. The lungs can be infected. When this type of infection occurs it is caused by bacteria that can be very resistant to treatment, therefore the death rate is very high.

Source for Heroin is the illegal "street market" and is usually \$8. to \$5. per capsule. Physical dependence can be from \$20.00 to \$200.00 per day.

What could possibly be appealing about the use of this horrifying drug? To the user the great appeal is that drugs induce a sense of good feeling, depress emotions, pain, tension, and "numb" feelings. But, when it is used, it can become a way of life, consuming attention, energy and income. It is the duty of every parent to inform their children of the dangers of drugs, their use and abuse.

GUEST EDITORIAL

THE LOUISIANA FARMER

WHAT CAN ONE DO? PLANT TREES

"If every man swept in front of his own house," said the German writer Goethe, "the whole world would be clean." Similarly, if every American family planted a few trees around the house, this whole country would be a better place to live and breathe in.

"For of us realize how important an abundance of trees is to man and his environment," says Lloyd Stark, former governor of Missouri and chairman of Stark Bros., Nurseries and Orchards Company.

"For example, right now we are burning more and more fuel and upsetting more and more the beautiful balance of oxygen and carbon dioxide in our atmosphere. For that reason alone, we need more and more trees, because trees are nature's principal factories for converting carbon dioxide into oxygen.

"That's only one example. Trees also filter odors out of the air, and dust particles. They release moisture that cools the air and washes it. As the best of all answers to erosion, they keep water and wind from carrying away the topsoil that supports all life. They help to keep pollution from washing into our streams, and reduce the silt that clogs them up."

FRUIT TREES PRODUCTIVE

"We're not necessarily referring to a giant oak, nor is a large plot of land needed. Today, through modern research and grafting processes, we've been able to develop a complete selection of dwarf-size fruit trees that grow to be from 6 to 10 feet tall yet bear full-size apples, peaches, pears, cherries, and other fruit.

The community on trees and how they affect man's environment, was made in Louisiana, Missouri, by former Gov. Stark, whose company once paid \$50,000 for one apple tree.

"Almost every home," Gov. Stark said, "has a yard big enough for planting dwarf trees. A home orchard can be planted on a plot about as big as the average living room. We should also remember," he said, "that trees buffer the wind, especially in winter, trees save untold millions of dollars in property damage. They also are nature's best noise barriers — the Department of Agriculture says that proper landscaping can muffle the external noises that assail our home life by as much as 65%. And trees, of course, are great contributors to the natural beauty that gives a psychological lift to the human spirit."

The American public is becoming increasingly aware of our economy's attack against our natural environment, says Stark, "but the average individual feels helpless. It's the old story of 'What can one man do?' One answer, one thing that one man can do, is to plant more trees. It's only a step, but it's a step in the right direction."

Paul Deschamps

Purvis Paul Deschamps, 68, a native of Hancock County and a resident of Pontchartraine, died at 1 a.m. Tuesday at Portico General Hospital in Baton Rouge, where he had been hospitalized for a month. He was a retired construction worker.

Survivors include his widow, Mrs. Verline Deschamps, three sons, Curtis and Wade of Pass Christian, and Louis Deschamps of Hillsboro; two daughters, Mrs. Virginia Jones and Mrs. Lillian Pleasch, both of Long Beach; Mrs. Carolyn Hoot, Mrs. Elaine Lizana Hoot, Mrs. Patsy Sanders, Mrs. Judy Sanders, Mrs. Martin Hamby and Miss Belinda Deschamps, all of Pass Christian; one sister, Mrs. Pat Garcia, Bay St. Louis; three brothers, Hubert, Lester and Elvis Deschamps, Pass Christian; and 25 grandchildren.

Funeral arrangements are incomplete. A wake will be at the family residence with interment in Sand Hill Cemetery.

Leo Miller

Leo Miller, 77, of Bay St. Louis, died at 10:30 a.m. Tuesday at the Bay St. Louis Hospital. He was a retired construction worker.

Survivors include his widow, Mrs. Mary Miller, and three sons, all of Bay St. Louis.

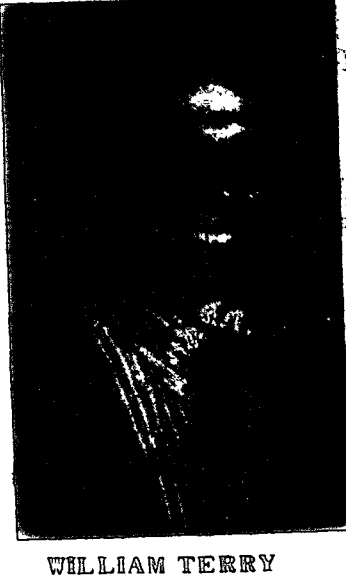

Funeral services will be held at 10 a.m. Wednesday at the Bay St. Louis Baptist Church, with interment in the Bay St. Louis Cemetery.

Mobile Homes

George Henderson, 77, of Bay St. Louis, died at 10:30 a.m. Tuesday at the Bay St. Louis Hospital. He was a retired construction worker.

Survivors include his widow, Mrs. Mary Henderson, and three sons, all of Bay St. Louis.

Funeral services will be held at 10 a.m. Wednesday at the Bay St. Louis Baptist Church, with interment in the Bay St. Louis Cemetery.

MEC Awards Go To Student, Teacher

Benton Cain, of Jackson, chairman of the Mississippi Economic Council's Student-Teacher Achievement Recognition Program, announced that Patricia Anne Brameyer, senior at Bay Senior High School in Bay St. Louis, has been selected as the school's Star Student. The selection was based on the student's high scholastic average for the first semester and high score on the American College Test.

William W. Terry, of Bay St. Louis, principal of Bay Junior High School in Bay St. Louis, holds a B.A. and M. Ed. degrees and has been in teaching profession for 7 years. President of Bay St. Louis Education Assn., Terry was a nominee, Hancock County Outstanding Young Educator Award, 1970.

R. B. Lampton of Jackson is chairman of the MEC's Education Committee which sponsors the Star Program in the state.

REV. L.S. WALKER

Rev. Walker Will Lead Services

The Rev. L. S. Walker, Pastor of the Mill Creek Baptist Church of Poyloun, will be leading in a series of evangelistic and revival services February 15 through 19 at the Cedar Point Baptist Mission on Fellowship St. in Bay St. Louis. Services will begin each evening at 7:30 o'clock.

Singers from several of the coast area Baptist churches will be coming each evening throughout the week to help with the singing.

The public is cordially invited to share in these special Christian church services.

Residents Urged To Plant Trees

Within a few weeks many of Mississippi's flowering trees will burst into bloom, signaling the birth of a new spring, adding matchless natural beauty to urban lawns and to a native countryside awakening from the relative drabness of winter.

"Did you ever get around to planting that redbud, dogwood, flowering peach or cherry tree that you vowed to set out last year after seeing one in a neighbor's yard? Too bad.

The Mississippi Forestry Commission offers this suggestion to help you remember to get it done this year.

February 17 is Arbor Day in Bay St. Louis. Set that as a target date to help beautify your own property and add to our state's growing reputation for having an abundance of spring-flowering trees by planting a tree or two — or three.

Your local Mississippi Forestry Commission County Forester can supply advice on how to plant your trees. County Foresters will also assist in local civic club, scout troop, school group, etc., in planning and conducting a special Arbor Day observance in your area.

For beauty and shade in the years ahead, plant a tree this year on Arbor Day.

CAKE SALE

The Children's Center for special education will hold a cake sale Saturday, February 13, in front of Winn Dixie Store starting at 9 a.m. Proceeds will be used to purchase supplies for the school.

Anyone who wants to donate a cake, muffins or fudge is asked to call the school, 467-7761 from 8:30 a.m. to 1:30 p.m.

Mrs. Charles Allen at 334-7761 or Mrs. Ruth Sanders at 334-7761.

Association Holds Meeting

Hancock Association for Retarded Children held its monthly meeting January 26 at the Children's Center located at Valencia C. Jones School.

Minutes of the previous meeting were presented and accepted.

The teachers, Mrs. Robert Summers, Mrs. Charles Giles and Mrs. Iris Hughes with the help of Rev. Bernard Walton, pastor Main Street United Methodist Church, and John Waterhouse presented a play entitled "I'm Lovable and Capable."

The door prize, a flower arrangement made by the children, was won by Mrs. Bobby Crow.

Refreshments were served and parents, board members and interested persons had the opportunity to view progress made by the children.

The next meeting will be held at 7:30 p.m., February 23, at the Children's Center.

Postmaster Explains Effects Of Proposed Rate Increases

Concerning "Priority Mail" packages weighing more than 12 ounces and receiving first-class treatment — higher rates are proposed only for parcels weighing less than 5 pounds. For a 5-pound priority mail package sent across the U.S., the rates would remain \$4.09 under the proposal. However for a 1-pound package, an increase from 80 cents to \$1.10 is proposed.

Regular second-class publications — those mailed for delivery outside the publisher's country — will be raised 1.9 cents per page higher advertising rates ranging from 9.1 to 20.9 cents per page. Non-advertising will be at a new rate of 7.2 cents per page.

Controlled circulation publications — usually periodicals without subscription fees mailed to specific audiences or markets — face an increase in only their minimum piece rate to 5 cents from the existing 3.8 cents.

Special delivery and registered mail fees would be increased. The minimum for a special delivery would rise from 45 to 50 cents while the rate for registered mail valued to \$100 would increase from 60 to 65 cents under the proposal.

Tree Planting Set By B-W Garden Club

Mrs. Randolph W. Nicolas, Arbor Day Chairman of the Bay-Waveland Garden Club, and Mrs. George L. Sausman, Jr., the Club's president, extend a cordial welcome to all Club members and their guests to an Arbor Day tree planting ceremony to be held at the Bay St. Louis Garden and Civic Center, February 17 at 2:00 p.m. The program will be followed by a tea.

On Wednesday the planting of four Chinese elm and three silver maple trees will begin the planned re-beautification of the grounds of the Center. Once known as the Taylor School, the preservation of this old landmark of the area has

been under the supervision of the Garden Club members as a continuing project for many years. Now, after complete restoration of the building, they will continue with the re-beautification of the grounds.

This City of Bay St. Louis beautification project is under the guidance of Felix Soeger, superintendent of public grounds, in co-operation with the HANDS program Chairman of the Bay-Waveland Garden Club. This work is being done in an effort to replace trees and shrubbery which were destroyed by Hurricane Camille, many of which had been planted as memorials by Garden Club members.

The seven trees to be planted on Arbor Day will be paid for from the Restoration Fund, a gift to the Bay-Waveland Garden Club from the Garden Clubs of Mississippi, Inc. for the purpose of re-beautifying the area.

Activities

Scheduled

St. Ann's Altar Society, Clermont Harbor, held its monthly meeting Monday night in the Rectory with Rev. Francis Donahue, pastor, leading the opening prayer.

Coming activities for the Parish will include a cake sale Easter Saturday; St. Patrick's Day social March 10 and the annual Parish Fair. The place and date will be announced later.

Following the business session a social hour was held with Mrs. Frank Corcoran and Mrs. Frank Klein Jr. as hostesses. The door prize was won by Mrs. Michael Schmitt.

Mrs. Schmitt and Mrs. Irene Graff will be hostesses for the next meeting.

bill is over \$4,000 and this does not include doctors fees. The Pippins have another daughter, Dede, who is four years old. Staff of the Gulfport Small Business Association was said to have made the first contribution to the fund.

LYNN PHILLIPS, a senior at Bay Senior High School has been named the 1971 Betty Crocker Homemaker of Tomorrow. Lynn is the daughter of Representative and Mrs. Walter James Phillips.

Sideline Club Elects

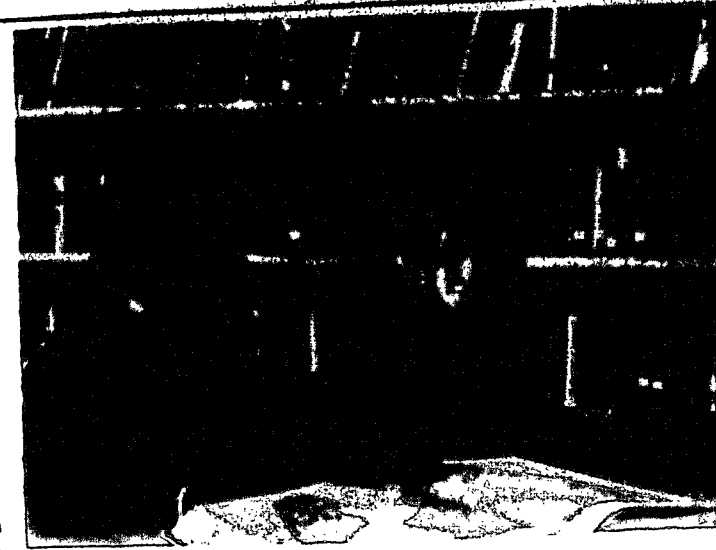

Gilbert Goyout, E.V. Alme, and Donald Strong were elected officers of the St. Stanislaus Sideline Club last Wednesday night at a regular election meeting of the club.

Goyout, a St. Stanislaus alumnus serves as President. For the past two years he has held the post of First Vice-president. E.V. Alme was chosen as the first vice-president. He served as second vice-president for the past two terms. Donald Strong, a Bay High alumnus was elected second vice-president. He defeated Nickie Kingston for this post.

Alvin Genin, president for the past two years, could no longer hold that office. The by-laws of the club prohibit an officer from having more than two consecutive terms in one office.

Genin thanked the membership of the club for working so industriously with him during the past two years. Said Genin: "This is a service club. I feel that during the past two years we have rendered a very great service to the school. We have accomplished much. However, without the help of the club members, none of this would be possible. I urge you to give your complete and total support to the new officers in the same manner you cooperated with me. Then I know the club will continue to succeed in its main objective — fostering help to the athletic program."

The membership was reminded of the activities scheduled for the remainder of the

BRADLEY POINDEXTER, son of Mr. and Mrs. David L. Poindexter of 504 South Beach Boulevard, Bay St. Louis, and Holly Vegas, daughter of Mr. and Mrs. Paul Vegas of 812 North Beach Boulevard, Bay St. Louis, have been chosen as nominees for the two Gulf Coast delegates at the Children's International Summer Village to be held in Guatemala this year. Both Holly and Brad are sixth grade students at Christ Episcopal Day School.

A girl, Susan Denise, was born January 28 at Hancock General Hospital to Mr. and Mrs. Ronald Joseph Garcia. She weighed six pounds, two ounces. Mrs. Garcia is the former Diane Carr.

Mr. and Mrs. Michael J. Cuevas of Waveland announce the birth of their first child, a girl, Mary Grace, December 12, at Gulfport Memorial Hospital. She weighed six pounds eight ounces.

Mrs. Cuevas, the former Jacqueline Edel, is the daughter of Mrs. Verdie Edel of New Orleans and the late Joseph Edel. Mr. and Mrs. Agnel Cuevas of Kila are the paternal grandparents.

Hancock General Hospital reported the following births during the past week:

A girl, Michelle Denise, born February 2 to Mr. and Mrs. Robert Eugene Meredith. She weighed eight pounds, four ounces.

Mrs. Meredith is the former Wanda Sue Goen. A boy, David Anthony, born February 5 to Mr. and Mrs. David Nelson McCombs. He weighed seven pounds, four ounces.

Mrs. McCombs is the former Deborah Lynn Crittendon.

Year: Sideline Club-Bay High Booster Club basketball game on March 4; Annual Seafood Dinner on March 26; Mardi Gras

Girl Scout Cookie Sale Begins Feb. 13th

Mrs. Mary Alice Ladner represented Bay St. Louis at a luncheon honoring the 1971 Gulf Pines Girl Scout Council cookie sales chairman and neighborhood chairmen given recently at the Downtowner in Gulfport.

Cookie sales will begin February 13 and continue through February 27, it was announced. Money derived from cookie sales during the past ten years has purchased materials for cabin units, rent units, swimming pool, dining hall, troop house, caretakers residence, stables and other buildings at Camp Ita Kana for Girl Scouts. The camp has been used for troops on weekends and for established summer camping for several years, it was said.

This year's cookie sale is to be used for the building of a program barn, equipment for water sports and other camp activities.

The Southern Biscuit Company bakes the special Girl Scout cookies. This year's improved cookie packaging seals the product in aluminum foil, and cookies may be purchased in larger quantities for those wishing to deep freeze them, according to George Barron, Jr. of Atlanta, a sales representative from the Southern Biscuit Company who was in attendance at the luncheon.

Dance on March 13; Annual Sideline Club Fair on May 1 and 2; and Annual Softball tournament on June 6.

"HOME OF THE WEEK" for this week is owned by Mrs. Thomas Jenkins and is located at 438 Eastern Street in Bay St. Louis.

LARRY GEBHART of RON MOHR Construction Co. is flying a new Cessna 150 at Heath's Flying Service, as his flight instructor, Wylie Heath, observes. Larry is a new student pilot certificate holder. He plans to get his commercial license with Heath's Flying Service, Inc. recently opened at V.A. School, Heath's Flying Service, Inc. is V.A. and approved now and are training Veterans on the G.I. Eligible Veterans should call 467-9852. Adv.

Help Sought For Leukemia Victim

The Square Dancers of the Mississippi Gulf Coast plan a benefit dance for little Pam Pippin, victim of a rare type of Leukemia. The dance will be given on March 13 at 8:00 p.m. in the Garden Room of the Edgewater Hotel of Biloxi with each local caller volunteering his favorite number. Pam's parents and grandparents are square dancers who live in Gautier and are grateful for the generous gesture

Finance Issue...

(Cont. from Page 1-A.)
struction on the project is being. "E.D.A. will repay the entire amount when the last project contract has been let. "This is why interim finances is necessary", Hill said.

Hill said at least eight industries had expressed interest in the Hancock County Port and Harbor facilities, but he said the port developments are not far enough along to have anything to offer at the present time. Hill also said the Port and Harbor Commission is working very hard toward the orderly development of the entire area.

Hill asked if the report on furnished by the Mississippi Employment Security Commission, John E. Aldridge, Executive Director, and dated August 1970 with reference to Hancock County Port and Harbor Commission was accurate, Hill said while it was true the county leased a bond issue for \$1,750,000 in 1966 the statement given on Page 20 of the report was inaccurate. He said \$750,000 of the money was used for the development of the Gulf Control Airport which left only \$1,000,000 of the money for use on the development of the Port and Harbor. Furnishing the report with more up-to-date information, public relations of Special Jacob supplied a brochure called Press Facts 1971. Quoting from the brochure under the paragraph titled FINANCIAL STRUCTURE:

"Operating expenses of the Port and Harbor Commission are drawn from income realized from a two mill tax levy, authorized under HB 435, Act, in accordance with the terms of this legislation, the State of Mississippi makes a like sum of matching funds available.

"Construction funds have been raised by the issuance of two Port and Harbor bond issues. The first, sold on March 21, 1964, was for \$1.75 million. The second, dated Sept. 10, 1966 realized \$2.6 million.

"No increase in taxes was made to retire either bond issue. The initial construction funding is being repaid by utilization of a one and three quarter cent sales tax, or read protection (collected tax, refunded to the county by the state under Section 8814, Recompiled Mississippi Code Ann. (1942). The second construction series is being retired under Section 8815, Recompiled Mississippi Code Ann. (1942), a three cent gas tax refund paid to the county by the State of Mississippi.

"The Port and Harbor Commission is involved in the development of the West Hancock County Harbor and Industrial Port, the Gulfport Airport, and the Biloxi Harbor.

complaints of the weather conditions for the day. Both fresh and salt fish are being caught everywhere. Speckles were caught in the Pipe Canal, in the sloughs off Caddy, up Jourdan River by DeLisle by both boys and costing.

Speckles and perch are hitting hard and on the fly rod. Bugs on the fly rod. The cold front moved in last night bringing rain and winds. Rains of last Saturday effected the very little. From town and had pretty good

have all kinds of sports. Pussley and Clarence enjoy their sport and money at it. They trap muskrats and other things. They are out every day from 25 to 30 miles. The animals are good price. The boys are their own boss and enjoy work.

Horace Ruhl enjoys any kind of fishing but we believe he is the fly rod. He has been out at it a long time and gets a share of fish.

High Moore does both hunt and fishing. He is one of the younger men and can be out in the woods or on the water on every occasion.

Terry Randolph, coach at Central High School, says they had the best football season yet. They won 5, 3 and tied 3. Keep up the good work coach.

The Bay Waveland Gun and Club had a fried oyster supper on February 3rd at the American Legion Home. A successful meeting was held after supper with C.B. McSwain, Public Relations Asst., John McSwain, Jr., and the Mississippi Fish and Game Commission present.

McSwain was the guest speaker and a movie slide was shown on deer hunting, which was very interesting.

If you are not a member of B-W Gun and Rod Club, here you will be glad you joined. The men doing the cooking were to be congratulated on a well done. Joe McCullough is the president of the Club.

Cecil Bilbo of the Kila does a lot of fishing in Jourdan River. Right now he is catching speckles.

Was a pleasure meeting Joe Jones of Route 1, Hancock Bay. Joe enjoys his fishing and hunting. About 30 years ago Joe caddled for me while I was on the old Pine Golf Course. He was about 12 years old. He ended me of the time when he would fly down and carry a golf ball in their back.

He thought the birds were throwing the balls were. Norwood Hingle my old friend had a couple of balls they must have had a hard casting or catching them.

Donna Dorn, Sr. and A.D. have been catching their speckles in the Pipe Canal lately. Underwood Hingle have muddled the water to some extent, but it isn't long before they are fishing again. Spider and Sr. caught them in the other day. Spider from Picayune. He is a fisherman.

C. Mitchell has started again. "Mitch" is an old fisherman. He is also a hunter. Dove hunting in the sport.

Chevo is still recuperating from a recent illness. He is out after the fish hope.

HORSES, CULINARY AND MUSIC

A couple of trots over to beautiful Fair Grounds last week proved extremely profitable and we wound up with just about the best claret made, purchased from our old friend Santo Pecorara at Crumewald's Music Store on Veterans Highway. We have play on our poor neighbors when we start practicing peddle. We are also proud of two new bank pass books handled for us by our old school buddy Chester Craig.

When at the track, if you are in the mood, stop by Paul, the best and busiest mixologist at the Grounds -- he holds forth in the Clubhouse -- and can usually come up with a winning daily double that'll start off the day profitably. And you couldn't meet a nicer guy.

POSSIBILITIES

Some other sources close to the stables say that Robin's Bug is rounding into shape. Also Linda D. J., Little A, Little Solaris, Little Sweater, Our Little Man, Appoloquill, Apache Man, Direct Link, Love Now, Smarter Now, Child's Prince, Center Front, Jiving Jim, Haberdasher, Ghost Singer, Garrett Road, Cambito, Center Front, Direct Link, Nartan, Outrider, Ozark Holme, Making Noise, Bad Luck Bill, Senior Sly, Sir Vico and Tall Wag.

But by all means don't fail to check to see that they are not out of their class and are running at their best distances. And don't forget to limit wagers to not more than 10 per cent of your betting bankroll. And no doubling up.

After a couple of bad weeks Whited is back on top of the jockey list and Rubbico has dropped to second -- but keep your eyes on Moyers -- he's a money winner.

TASTY

If you want to top the day off with the best steak in the big city go see John Volkovich, proprietor of the Crescent City Steak House on North Broad. If you want something else try the Paddock on Bourbon Street -- especially the veal parmigiana. Both are reasonably priced. If you are in the mood for the coffee like you've never had before and the best piano in the country don't miss the Royal Orleans Lounge where Armand Hug holds forth. He will usually play the classics but with a little urging he will come up with some old Dixieland classics for which he is rated by critics as the best in the nation.

MORE ON MANNING

We have been catching it from the many Archie Manning fans around town for writing that he shouldn't try to step right from the college ranks into the No. 1 quarterback spot on a pro team. Well, this is just our opinion and we think he will do okay in the exhibition games later this summer but do me a

favor and clip this item and look at it again when the real competition starts in the Fall. We are not trying to discredit Mr. Manning should give him a little seasoning before pitting him against the bruisers he will be up against in the top pro teams.

Wildcats Should Stay Home

The Pearl River Junior College Wildcats found it rough traveling as they dropped three in a row on the road, but are optimistic coming home this week for three home battles.

In their first road battle last week the Wildcats ran up against a determined Hinds squad falling to the Eagles 99-72. The Wildcats trailed at the half by only five points but lost ground in the closing moments.

The Hinds squad hit for double figures, two of which in the twenties and one just missing with 18. Freddie Jordan led the shooting for the Cats hitting for six field goals and 9 free throws for 21 points, followed by John Merritt with 13 and Mike Sumrall with 12.

The following night the Cats fell to Southwest 90-75, despite a shooting spree by Wildcat Freddie Jordan who enjoyed one of his best night of the season.

Jordan led the Wildcats in shooting, hitting for 33 points with Tony Merritt second with 18 points and Wallace Carbonette with 10 points.

Coming up against Jones Junior College the Wildcats dropped their third road encounter 83-69 after leading at the half 39-32.

Freddie Jordan led the way for the Cats with 20 points, followed by John Merritt, Lee Jackson and Tony Graham with 14, 13 and 10 respectively.

Thursday night the Wildcats take on the Gulf Coast Bulldogs on their home courts at 7:30, and play their third game of the week Saturday against Holmes, also on the Cats home court.

Tate Retires From Bay Police Force

Wilbur Dorsey has been named to the Bay St. Louis police force. Dorsey replaces William Tate who recently resigned from the service. Tate gave as his reason for resigning his age. A letter of appreciation sent to Tate over the signature of Mayor Warren Carver commended officer Tate for faithful service on the City Police Force.

PROCLAMATION

WHEREAS, the Bay St. Louis Police Force has been designated February 15, 1971 as a day of observance for the community; and

WHEREAS, it should be the wish of every citizen that this effort be made to add color and inspiration to the community; and

Be it, therefore, known that I, Warren Carver, Mayor of Bay St. Louis, do hereby declare the month of February 1971, through March 15, 1971, as Cleanup and Beautification month.

MR. AND MRS. STEPHEN ZINGARING

Golden Anniversary Observed By Couple

On Sunday afternoon February 7th, Mr. and Mrs. Stephen J. Zingaring of Ansley, Miss., celebrated their golden wedding anniversary with a family dinner at the N.O. Club on Keesler Air Force Base, Biloxi.

The blessing was given by Father O'Malley of Keesler. The guest of honors' table was centered with a gold and white cake topped with a white

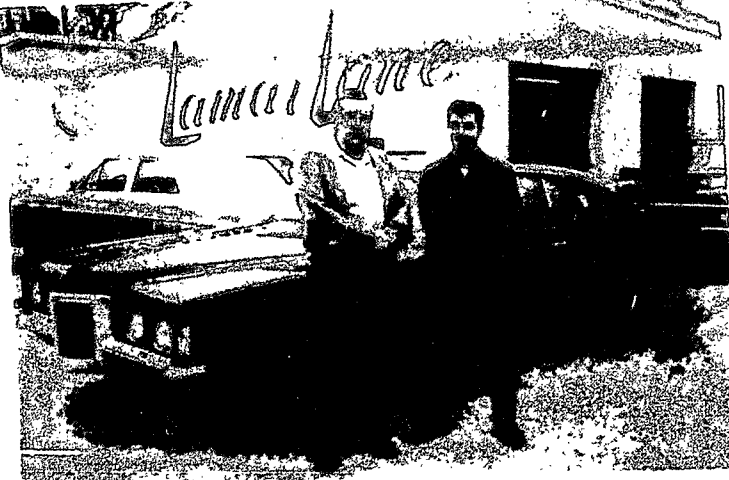

FUN AND FROLIC

Fun and Frolic Night sponsored by Mrs. Janelle Kern, candidate for queen of the S. J.A. Carnival ball, last Wednesday night in S.J.A. gym was reported a success.

Latest fashions were shown from Ramsey's, Princess' Shop, Jerome's, Delphi's. This Property is Condemned and Elie Salloum's, Jewelry was from Seymour's Jewelry Store.

Mrs. John McKenna, commentator, modeled a silver lame jump suit.

Mrs. Kern has extended thanks to all who helped make the affair a success.

MR. ROBERT N. GEORGE OF BAY ST. LOUIS IS ALL SMILES AS HE ACCEPTS DELIVERY OF HIS PONTIAC GRAND PRIX AFTER MAJOR FRONT END REPAIRS AND PAINT FROM JIMMY BANKSTON, BODY SHOP MANAGER OF LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. Robert N. George, of Bay St. Louis a member of the Air Force stationed in New York had some heavy damage to his Pontiac Grand Prix. Since he had been hearing about all the good work done at Lamar-Lane Chevrolet he took it to them to be fixed. The front end of his car was very damaged and after Lamar-Lane Chevrolet repaired the body and painted it Mr. George felt that "The car looks better now than it did when he bought it" because of the superior repair job by Lamar-Lane's Paint and Body Shop. If you need some repairs to the body of your car or a paint job, visit Lamar-Lane Chevrolet's Body Shop Manager Jimmy Bankston and get an estimate. Lamar-Lane Chevrolet your complete automotive headquarters on U. S. Highway 90, Bay St. Louis.

Mr. and Mrs. Oliver Lee, announce the arrival of their first child, a boy, Oliver Weimann Lee Jr. He weighed 8 lbs. 7 ozs. Maternal grandparents are Mr. and Mrs. R.U. Dobbs of Rocky Hill. Paternal grandparents are Mr. and Mrs. Hollis Lee Sr. of Blenville community.

Belated happy birthday to Suzanne Ladner, whose birthday was Wednesday, February 3.

The Standard Bonco party was held in the home of Mrs. Sandra Ladner. Highest Bonco was won by Mrs. Earlene Hoda, followed by Miss Susan Nacaloe. Most games won by Mrs. Alice Nacaloe, and Mrs. Effie Cuevas. Door prize went to Mrs. Made Ladner.

Belated birthday greetings to Belinda Mitchell, whose birthday was on Feb. 1.

Visiting Mr. and Mrs. Otis Woods for the day recently were their son and daughter-in-law Mr. and Mrs. Carl Woods of Gulfport and their daughter-in-law Mrs. Charles Woods and children Michael and Marcy of Lumberton and her sister Rosie Schlautman.

Bryan John, infant son of Mr. and Mrs. L.J. Breaux was baptized Sunday January 31, 1971 in Annunciation Church, in Kila. Officiating was Father C. Hayes

the northeast through the use of the chemical insecticide DDT which, foresters say, clings to leaves for long periods of time. However, the Federal Government voluntarily withdrew the use of DDT when complaints were made about its harmful effects on wildlife and in water.

Happy birthday wishes to Brenda Cuevas, whose birthday was Monday, February 8th.

Happy birthday wishes to Patches Green whose birthday was Saturday, February 6th.

Happy birthday wishes to Preston Mauffray whose birthday was Friday, February 5th.

Happy birthday wishes to John Koenen whose birthday was Monday, February 8th.

Brenda Cuevas, daughter of Mr. and Mrs. Lee Cuevas, celebrated her 8th birthday, with a party at the family home Sunday.

Pink and blue scheme was used. Cake, punch and ice cream and candy were served. Games were played and prizes won by Terri Brister and Beverly Wyatt. Brenda's little

guests included: Jeff Hoda, Kathy and Keith Glass, Timmy and Terri Brister, Beverly Wyatt, Amy and Ray, Sharon Mitchell, Pat Habert, Desiree Lizana, Donald Roy, David and Dorryt Mauffray, Bryan and Marlene Breaux, Piccola, Michael and Niccola Dietrich, Rachelle, Rhonda, and Patrick Cuevas, Mark, Wayne, Belinda, Eileen and Carlos Shiyou, Tammy Curet, Melanie Cuevas, Maydene and Nancy Shiyou, Darlene Cuevas, Tommy and Scott Haas.

Mrs. Hazel Mauffray-grandmother; Preston Mauffray; Miss Clarine Haywood; Mrs. Gussie Cuevas; Mrs. Jerry Brister; Mrs. Roy Cuevas; Mrs. Jerry Mitchell; Mr. and Mrs. George Shiyou; Mrs. Cleveland Wyatt; Mrs. Piccola Dietrich; Mrs. Royce Shiyou; Oswald Cuevas; Mrs. Carrie Gatewood; Mrs. Joe Vern Haas; and Mr. and Mrs. L.J. Breaux.

the gypsy moth, a tiny insect with a thing about killing trees, is spreading rapidly through public and privately owned forests in the East with a hammering to turn South. Federal government records indicate that the pest is invading forests for the first time in Maryland, Delaware and Virginia.

"All we can do now" says Thomas McKinnoy of the USDA Research Service, "is to delay further its spread to the Allegheny, Appalachian, and Ozark Mountain regions where much of the nation's hardwood timberland is located. And regrettably, hardwood trees in these areas are the favorite hosts of the moth. The infestation could spread over 100 million acres."

The Agricultural Research Service States:

"Gypsy moth caterpillars feed on the leaves of forest, shade and fruit trees, as well as on many ornamentals. A single defoliation by caterpillars can kill white pines, spruce, and hemlock. Two defoliations can kill hardwoods. In heavily infested areas caterpillars can quickly strip the leaves from whole forests. This damage, in turn, increases fire and erosion hazards, affects the flow of streams, reduces land and recreational values, and destroys wild-life habitats."

Until some 10 years ago, the moth had been confined to

Two defoliations can kill hardwoods. In heavily infested areas caterpillars can quickly strip the leaves from whole forests. This damage, in turn, increases fire and erosion hazards, affects the flow of streams, reduces land and recreational values, and destroys wild-life habitats."

Until some 10 years ago, the moth had been confined to

the gypsy moth, a tiny insect with a thing about killing trees, is spreading rapidly through public and privately owned forests in the East with a hammering to turn South. Federal government records indicate that the pest is invading forests for the first time in Maryland, Delaware and Virginia.

"All we can do now" says Thomas McKinnoy of the USDA Research Service, "is to delay further its spread to the Allegheny, Appalachian, and Ozark Mountain regions where much of the nation's hardwood timberland is located. And regrettably, hardwood trees in these areas are the favorite hosts of the moth. The infestation could spread over 100 million acres."

The Agricultural Research Service States:

"Gypsy moth caterpillars feed on the leaves of forest, shade and fruit trees, as well as on many ornamentals. A single defoliation by caterpillars can kill white pines, spruce, and hemlock. Two defoliations can kill hardwoods. In heavily infested areas caterpillars can quickly strip the leaves from whole forests. This damage, in turn, increases fire and erosion hazards, affects the flow of streams, reduces land and recreational values, and destroys wild-life habitats."

Organizations Plan Arbor Day Ceremonies

In an effort to replace trees
lost by Hurricane Camille, the

Bay-Waveland Garden Club has
scheduled Arbor Day ceremon-
ies for February 17 at which
time trees will be planted in
various locations throughout the
community.

Anyone wishing to help plan
the ceremonies or participate
in the tree planting is urged
to call Mrs. Dan Russell Jr.
(467-4239) or Mrs. A.E. Voigt
(467-5614).

The ceremonies already
scheduled by the Garden Club
with the aid of the Bay High
Tiger Lily Gardeners, Our Lady

of the Gulf Lazy Daisy Jr.
Gardeners, Bay Junior High
Merry-Golds and Environmen-
tal Science organizations are as
follows:
9:30 a.m. Bay Junior High
School. 10:00 a.m. City-County
Public Library. 11:00 a.m. Our
Lady of the Gulf School. 11:30
a.m. Bay Senior High School.
2:00 p.m. Bay St. Louis Garden
and Civic Center.

In addition to these cere-
monies, trees will be planted
at all the parks and playgrounds
in Bay St. Louis.

This program is under the
supervision of Felix Seeger,
City Superintendent of Public
Grounds in Bay St. Louis and
the HANDS committee of the
Bay-Waveland Garden Club.

AND MRS. JOHN GRAHAM OF GULFPORT, MISS.,
PT DELIVERY OF THEIR NEW CAR FROM LAMAR-
CHEVROLET SALESMAN FRITZ PERANICH IN BAY
ST. LOUIS, MISS.

and Mrs. John Graham of Gulfport, Miss. wanted
another car. Since they had been reading and hearing
all the good deals offered by Lamar-Lane Chevrolet
they visited them and were greeted by veteran sales-
man Fritz Peranich. Fritz Peranich took his time and showed
Grahams the cars they had in stock, and they found one
they liked very much. Fritz Peranich worked up a Lamar-
price on it for them, and they liked the car and price
he gave them. Fritz Peranich has been selling cars
for many years in this area for many years, and he is will-
ing to help his customers in any way he can, for he wants
to be happy with their car and the deal he gives.
Before you buy your next car or truck, visit Lamar-
Chevrolet and talk to salesman Fritz Peranich, he could
save you many dollars.

SGT. AND MRS. WALMSLEY

Peggy Musser Weds Sgt. James Walmsley

Our Lady of the Gulf Catholic Church was the setting for the wedding at 7:30 p.m., January 22 of Peggy Musser, daughter of Mr. and Mrs. William Musser of Bay St. Louis, and Sgt. James Ralph Walmsley, son of Mr. and Mrs. Lyle G. Myers of San Antonio, Texas. He is also the son of the late Gregory Gerald Walmsley.

Very Rev. Gregory Johnson, pastor, celebrant of the Nuptial Mass, officiated at the double ring ceremony.

Arrangements of white and pink gladioli were on either side of the altar.

Mrs. John McKenna, organist, accompanied Mrs. Al Chapman who sang the Theme from Romeo and Juliet, and a number of appropriate nuptial selections. The bride, given in marriage by her father, wore a princess style short dress of pastel pink, brocade with long fitted sleeves and scooped neckline. Her veil of pink tulle was held in place by a brocade rose. She carried a bouquet of pink carnations centered with a white orchid.

The bride's honor attendant was Miss Cynthia Thomas of Bay St. Louis. She wore a light green brocade A-line dress and carried a single long-stemmed yellow mum interspersed with green streamers. Ensign Stephen Walmsley of Pensacola, Fla., was his brother's best man. Ushers were Billy Benos of New Orleans and Michael Johnson, cousin of the bride, of Clermont Harbor.

Immediately following the ceremony Mr. and Mrs. Musser entertained at a reception in the Parish Hall. A pink and white color theme was used in the decorations.

The bride's table, overlaid with a white lace cloth, was centered with a three-tiered cake trimmed with pink spun sugar roses. Pink carnations and three branched candelabra completed the table decorations.

Mrs. Alvah Ruff was assistant.

FIRE DAMAGE

During the month of January, 1971 there were 37 wild fires in Hancock County. These fires burned more than four hundred and fifty acres of which three hundred and nine were protected forest. A state wide average on putting out wild fires is an average of \$33.00 per acre, not counting the damage it does to the timber and property.

Perkinsville,
Miss. 39873

Mr. and Mrs. Danford Loder and daughter-in-law Judy Loder journeyed Friday afternoon to Morton, Miss. to watch their son Edwin Loder play basketball. They spent the weekend in Morton. They reported back home Sunday afternoon.

Beta Club Members left Friday morning from Hancock North Central School, going to Jackson where they spent the weekend. They stayed at the Heidelberg Hotel. Members of the Beta Club from Nacalaise Crossing are: Gay Cuevas, Ray Cuevas, Gwen Shaw, Marlene Loder and Marie Loder.

There was a birthday dinner held Sunday at the Saucier Community for Dan Wedgworth. Mr. Wedgworth was 68 years old.

Guests were Mr. and Mrs. Ernest Saucier; Mr. Ellis (Coy) Saucier; Mr. and Mrs. Clint Bond and daughter Dottie Bee; Mrs. J.C. Loder and children Pamela and Tommy; Mrs. Wedgworth's sisters, Emily, Neva and Meneriva. There was a host of nieces and nephews, friends and relatives.

Birthday wishes go to Mrs. Jessie Rouse of Nacalaise Crossing, Saturday, February 13th.

Birthday wishes go to my mother Mrs. Luvenia Saucier of Nacalaise Crossing, Sunday, February 14th.

Edwin Loder and Ricky Paige of Nacalaise Crossing journeyed to Leakey County Saturday, where they played basketball against South Leakey County. They also stayed at Morton Saturday night and returned home Sunday.

Rickey is the son of Mr. and Mrs. Willard Paige and Edwin is the son of Mr. and Mrs. Danford Loder.

Congratulations go to Mr. and Mrs. W. C. Rogers and family of Nacalaise Crossing. They moved into their new brick home.

Birthday wishes go to Mrs. Diane Hester of Pass Christian Monday, Feb. 1st.

The collective bargaining schedule for 1971 is expected to be similar to the peak load of past year, the Bureau of Labor Statistics reported. At least 4.8 million workers are under major contracts (those covering 1,000 employees or more) that either expire in 1971 or contain 1971 wage-reopening provisions.

Miss Watkins is Bride of James Landtroop

Mr. and Mrs. Walter L. Watkins of Waveland announced the recent marriage of their daughter, Victoria Ann, to James David Landtroop, the son of Mr. and Mrs. M. V. Landtroop of Bay St. Louis, on Feb. 1, 1971.

The vows were made at the home of Judge Forrest Nacalaise with a double ring ceremony. Standing with the bride was Peggy Chab, sister of the groom. Standing as best man was Larry Watkins, the bride's brother.

The reception was held at 320 Nicholson, home of the bride's parents. Attending were Dale Watkins, Larry Watkins, Marlene Morton, Mr. and Mrs. Howard Walters, Mr. and Mrs. Ron Henderson, Mr. and Mrs. Billy Graham, Mr. Frank Creel and Peggy and Phillip Chab.

BOARD APPOINTMENT

Mother Rosa de Lima Hazzard, 63, P.O. daughter of Mr. and Mrs. Clement Hazzard of Bay St. Louis, was recently appointed to the Archdiocesan Board of Directors by Archbishop Phillip M. Hannan.

Mother Rosa de Lima is superior general of the Sisters of the Holy Family, a community with schools in Louisiana, Texas, Oklahoma, California and Central America.

SUNDAY SERVICES

Sunday services at Lutheran Church of the Pines, Highway 90 will be conducted at 8 a.m. followed by Sunday school.

Women of the Lutheran Church are collecting Betty Crocker coupons to help with the purchase of a kidney machine for this area. Anyone who has coupons to donate can call Mrs. James Cousins at 467-9775 or Mrs. Hamilton Gussard III at 7-4914 and they will pick them up.

Transportation Authority Makes Area Service Study

Waveland and Bay St. Louis are to participate in a public bus service study, according to Col. Albert Thompson, chairman of the Mississippi Coastal Transportation Authority. A demonstration bus with a seating capacity of 31 passengers was inspected on Monday by Mayor Warren J. Carver and city commissioners Andre Arceneux and William Frisbie. A smaller bus will also be sent to Bay St. Louis for consideration in the near future, it was said.

Colonel Thompson said a study is being made to ascertain the type of service needed by each of the coastal towns from Waveland and Bay St. Louis on up to Pascagoula and Moss Point. Because it is virtually impossible to call on each individual in person, the transportation authorities seek information through the news

media. A questionnaire appearing elsewhere in this issue should be filled in and returned to the authority to help this group of volunteer workers in their attempt to provide the best possible transportation service for the area. Colonel Thompson said: "If each citizen will cooperate by filling in the form and returning it to us we will be in a position to make a much better feasibility study." Many details must be considered including the size bus needed in each community, the schedule, and the specific needs of the

people who will use public bus service. Those making the study would like to know whether the bus service will be used by students, by workers in need of transportation and by housewives or others who wish to use bus services for shopping or other necessary transportation.

The Twin Coach bus demonstrated last Monday is 28 feet long and 6 feet wide, weighing 16,000 pounds. It is equipped with air brakes and special safety features. Powered by Detroit Diesel engines mounted in a compartment at the rear, the bus is manufactured by Highway Products, Inc., of Kent, Ohio.

One possibility under consideration is the use of a smaller bus to make frequent city-wide tours and deliver passengers to a transfer bus serving the coastal cities on a regular schedule, Thompson said.

The City of Bay St. Louis paid a fair share on the transportation study required prior to receiving federal funds on a "matching funds" arrangement. A final report is expected by Washington authorities by the end of May, it was said.

BALL TICKETS

Tickets for S.J.A. Carnival Ball, to be staged February 19, are now on sale and are available through Edward Murtagh, ticket chairman, 467-7120 or Bobby Ann Bahory, Main Street, 7-6494.

THIS PUBLIC transportation bus is being considered by the Mississippi Coastal Transportation Authority for use in the Bay-Waveland Area. The bus has a seating capacity of 31 passengers and aisle space for about 19 seats during rush hours. Mayor and City Commissioners of Bay St. Louis were given a ride in this bus on Monday and the safety features of the vehicle were explained.

Volunteers, Officials Clean Waveland Beach

In one of the most massive operations the beachfront area has witnessed since the days immediately following Hurricane Camille, dozens of volunteer workmen, city and county officials joined hands in a cooperative effort over the weekend to clean-up more than 75 percent of the Waveland beachfront.

The entire operation was under the coordinating direction of the Waveland Civic Association with a volunteer assist

Alcoholism Program Presented At H.N.C.

"Alcoholism is a disease which requires the understanding and help of all those coming in contact with the diseased person", was the keynote of a program presented by Alcoholics Anonymous, A-I-A-N-O-N (Spouses or relatives of alcoholics), and A-I-A-Teens (children of alcoholics) for the students and faculty of Hancock North Central School.

Three members of A-I-A-Teens described their personal failures in coping with their home problems and personal problems before the students. Through the help of other members of this organization they learned that their problems were not unique, that they could not change their parents, and that they must and did change their personal outlook and values.

The two A-I-Anons described the problems they faced in living with their alcoholic spouses and credited their organization with giving them the strength and understanding to make better homes for themselves and their children.

The AA member vividly told of his first introduction to alcohol, the many subsequent experiences with it, culminating in his complete degradation from which he recovered with the help of AA.

Those concerned about someone with a drinking problem were urged to contact AA by phoning their answering service at Long Beach, 863-8620.

from the Waveland Chapter of the American Legion.

For the project, Russell Elliott, president of the Board of Supervisors, sent more than 10 pieces of heavy equipment, including caterpillars, bulldozers, dump trucks and the like while the town of Waveland, under direction of Mayor Garfield Ladner, sent dump trucks and a grass-cutter.

In addition, private contractors like Terry Feeney Company, Parnell Construction Company of Bay St. Louis, sent heavy equipment and drivers to follow up on the clean-up efforts of the volunteer workers. Many individuals, like William Frisbie, a Bay St. Louis Attorney and city Commissioner drove his own personal bulldozer, as did Dr. Dodson, a practicing physician and estimates are that dozens of residents from Waveland and Bay St. Louis helped out in the cooperative effort to really clean up the beach area. The individual workers walked along the beach picking up old beer cans and other debris and put them into mounds which later were shoveled into dump trucks and carried away.

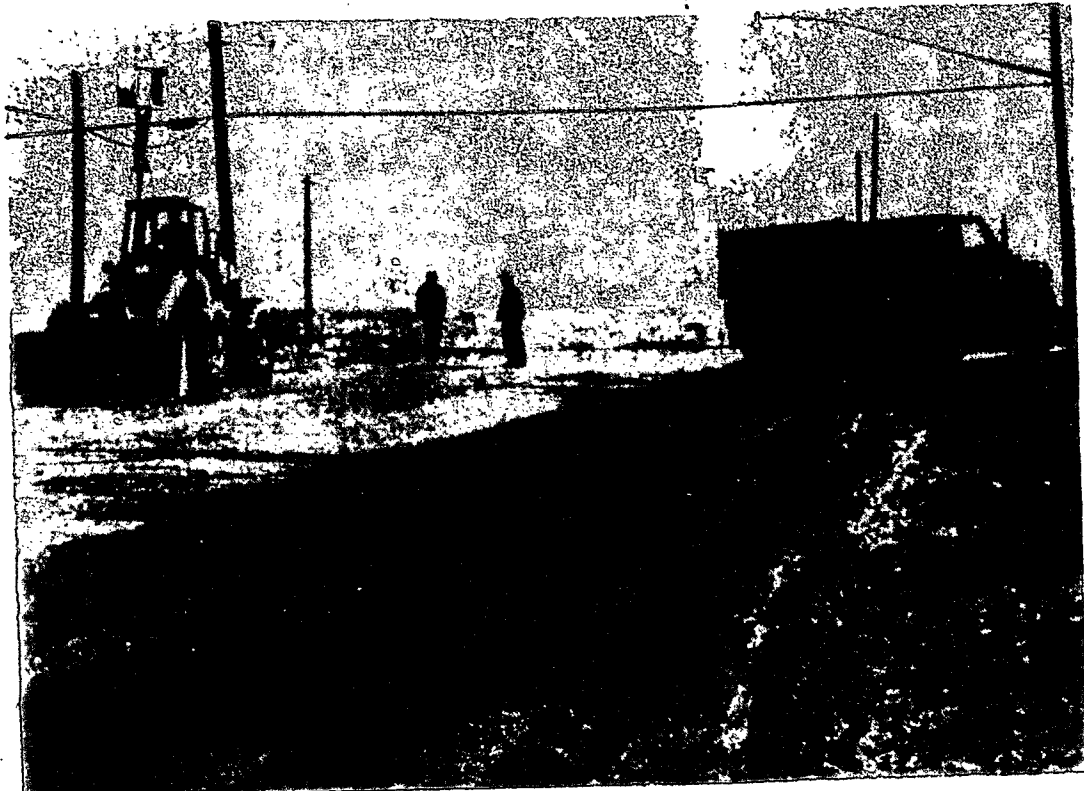

Villere's Bar & Lounge, which is located on Coleman Avenue, participated in the cleanup by donating refreshments free of charge for all the workers at the noon rest period.

Terry Feeney, president of the Waveland Civic Association, frankly said the operation could not have succeeded had the volunteer help from the county, the city and from individuals not been offered. Russell Elliott, who drove one of the bulldozers himself, characterized the clean-up as the biggest beach project that has occurred since Camille.

The big problem now is to see that users of the beach, residents and visitors alike, keep the beach clean. The weekend operation will have been in vain if users begin littering the area again.

MONTHLY MEETING

The T.O.P.S. Club held their first meeting of the month on Tuesday Feb. 2, 1971 at the home of Mrs. Morris Summerrail. Irene Cagle was crowned queen for the month.

BULLDOZERS AND HEAVY Trucks aided in the cleanup operation of Waveland's beach this past weekend. The operation was termed the biggest in this area since the days immediately following Hurricane Camille.

Gulf National Will Re-Open In Pass Christian

Formal re-opening of the Gulf National Bank in Pass Christian is scheduled for Monday, February 15, from 9:00 until 3:00 p.m.

Mayor J.J. Williams of Pass Christian will perform the official ribbon-cutting ceremony which will begin promptly at 9:00 A.M.

Refreshments will be served by Donna and Tracey Terrill, the young daughters of Gary Terrill.

In commenting on the re-opening of the Pass office, President Charles A. Cowart of Gulf National Bank took note of the rapid recovery of the Pass Christian section of the Coast from the effects of Hurricane Camille.

"We are indeed proud to

have a part in the re-birth of the Pass Christian community. We have rebuilt our office exactly as it was before Camille. We intend to provide banking facilities for Pass Christian residents as energetically as we can in order to keep pace with the Pass' growing financial needs."

"All of our offices are full service," Cowart said, "because each bank is managed and staffed by professional men and women who understand the needs of the area."

Gulf National Bank has other offices in Bay St. Louis, Edgewater, Hattiesburg, Biloxi, and Gulfport.

The Pass Christian office is situated at Henderson and St. Louis Street. Wayne Page

is assistant cashier and manager.

Picayune Prep For 43rd Tourney

The 43rd annual Sea Coast Invitational Basketball Tournament, sponsored by the Picayune YMCA, will be held Feb. 14 through 18, 1971, at the Picayune gymnasium. This is expected to be the best tournament ever. Official entry blanks will be mailed soon.

This tournament started in 1928 and has run for 43 consecutive years. It is rated as one of the major sports events of the year for this section.

There are three divisions in the tournament: Ladies and Open and Closed Divisions. In the closed division, a player must not have played on any college team during the three years previous to entering the tournament.

A highlight of the tournament is the awarding of over \$300 in trophies and jackets for the winning and runner-up teams, after the final closings.

Large team trophies go to the winner and runner-up in each division. Members of the winning team also receive jackets in the ladies' division. All tournament selections are made and those making the all-tournament teams are appropriately awarded.

Managers or sponsors of independent teams interested in participating in the GCIT can obtain rules and regulations governing the tournament and official entry blanks by writing James B. Gentry, General Sec., Picayune Y.M.C.A., Box 220, Picayune, Miss., 39466.

Jonny Rebs Schedule Set

The 1971 Ole Miss football season, featuring 12 games for the first time since 1940, was announced Saturday by Athletic Director Billy Kinard. Kinard, who will coach the team, announced the schedule for the 1971 season. The team will play six of their last seven games inside Mississippi.

Southwestern (Memphis), Georgia, Duquesne, Arkansas, Vanderbilt, Holy Cross, W. Tennessee Teachers (Memphis State), Mississippi State and Miami. The first 11-game slate was scheduled in 1932.

The 1971 schedule: Sept. 12, California State (n), Jackson; Sept. 18, Memphis State (n), Memphis; Sept. 25, Kentucky, Lexington; Oct. 2, Alabama, Birmingham; Oct. 9, Georgia, Jackson; Oct. 16, Southern Miss, Campus; Oct. 23, Vanderbilt (H), Campus; Oct. 30, L.S.U., Jackson; Nov. 6, Temple, Tampa; Nov. 13, Chattanooga, Campus; Nov. 20, Miami State, Starkville.

The Ole Miss football team has been booked for Mississippi Memorial Stadium in Jackson. (Southern Mississippi, Vanderbilt for Homecoming and Chattanooga will be played on the campus, in Hattiesburg Stadium. The Southeastern Conference schedule sends the Rebels against Kentucky in Lexington, Alabama in Birmingham, Georgia, Vanderbilt, LSU and Mississippi State. Only five night games are listed, the September dates with California State and Memphis State in Memphis. Additional road engagements are with Kentucky, Miami and Tampa. From the Oct. 9 meeting with Georgia, the Rebels will play six of their last seven games inside Mississippi.

The only school dropped from the 1970 schedule was Houston, beaten here Nov. 7 in the series finale, 24-13. California State (Long Beach) and Tampa were added for 1971. A new reserved seat ticket price of \$7.00 was announced for all games except the Nov. 6 meeting with Tampa. Seatings were registered in eight of last year's 10 scheduled games.

Ole Miss has not been out on the field since including bowl games for the last 14 seasons. And that's a national record. In 1940, with 11 games scheduled, the Rebels posted a 9-2 record against Union, LSU,

Ladner of Kiln Goes to Southern Miss.

Ladner, voted most popular player in County after being named all-tournament player, has accepted a basketball scholarship to the University of Southern Mississippi as a basketball player. He has been head basketball coach for the last 11 years at the University of Southern Mississippi. He replaced T. D. "Doc" Hadden, now athletic director at Pearl River Junior College. Ladner has coached the Kiln Consolidated High School team for the last 11 years. He was named coach of the Kiln team in 1959, was awarded the Kiln area Coach of the Year award in 1969, and was named Coach of the Year by the Kiln Consolidated High School in 1969. He was the first coach to lead the Kiln team to a state championship.

to the Mississippi all-state team. In addition he was class president during all four years in high school. Since starting his coaching career he has served on the Mississippi State basketball clinic staff, Northeast Junior College Coaching Clinic Staff, Southeastern Louisiana College Coaching Staff. Also many basketball committees throughout the state. He sponsored a basketball clinic in Piquette for 10 years and co-sponsored the Pearl River Junior College basketball team last year. He was named coach of the Kiln team in 1959, was awarded the Kiln area Coach of the Year award in 1969, and was named Coach of the Year by the Kiln Consolidated High School in 1969. He was the first coach to lead the Kiln team to a state championship.

Piquette honored Ladner in 1970 with a banquet commemorating 10 years of successful coaching and is presently writing a book on basketball for the Piquette Publishing Co.

Ladner completed his education on athletic scholarships attending Pearl River Junior College and Louisiana College receiving his B.S. Degree from the latter. He is married to the former Peggy Willoughby of Poplarville and they have four children.

Continuing his education while coaching at Piquette, Ladner received his M. S. Degree from the University of Southern Mississippi, attending classes at night and during the summer. Ladner's resignation from Piquette Memorial is effective at the end of the school year.

ANGUS MEMBERSHIP

Agnol L. Moran, Kiln, Mississippi has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Lloyd D. Miller, executive secretary. There were 346 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

Sports Menu

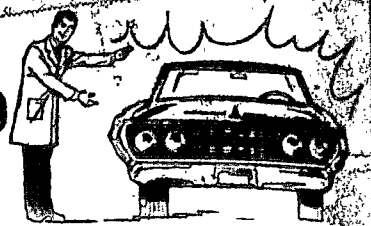

District Eight basketball tournaments, the beginning of the long trek to state championships, are being conducted this week. Class AA boys and girls at Harrison Central in Lyman; Class A at Perkinson, Class B at Forrest County AHS of Brooklyn and Class B at Beaumont.

Patriotism!
Is It Dead?
Who Needs It?

There are those who seemingly would have us believe that little is right with America.

And there are others who feel that their country can do no wrong.

There has always been, and, hopefully always will be, a difference of opinion on that question.

But different points of view are just as American as Uncle Sam himself. Those who condemn our nation and those who ignore its faults - both can learn much from our nation's history and the heritage our forefathers left with us.

TRUE PATRIOTS, after all, were never blind followers. They were thoughtful men, concerned for their nation's future.

After all, AMERICA will be what we want it to be, and what we make it to be.

Isn't it time for the SILENT AMERICAN to speak out?
